Cell Phone Policy

Cell phones must be turned off and out of sight between the first passing bell of the day and the last dismissal bell. The only exception to this rule occurs during lunch. Students may use their cellphones at lunch time, provided that they do not abuse the privilege. Cellphones must be put away immediately following the bell signifying the end of lunch. If powered on before and/or after school, phones must be set on a vibrate mode. Any student who violates this policy will have his or her phone confiscated. Refusal to comply will result in **suspension** from school (Education Code 48901.5). Please be aware that calling your student during the school day puts him or her at risk of disciplinary action. If you need to reach your child during the school day, please call (916) 433-5100 and dial extension "0" or "1010."

Other Electronic Devices

Electronic devices that are not school sanctioned and related to instruction must be powered off and kept out of sight. Further, headphones and listening devices of any kind must be removed and out of sight before the beginning of first period. The only exception to this rule occurs during lunch. Students may use their headphones at lunch, but must put them away immediately following the end of lunch. Any student who violates this policy will have the electronic device confiscated. Any student who refuses to turn over a device will face a **suspension** from school (Education Code 48901.5). It is the school's recommendation that unnecessary electronic devices are left at home.
